

Trade name: 4-Chlorophenyl isocyanate
 Chemical name: 4-Chlorophenyl isocyanate
 CAS: 104-12-1
 EINECS: 203-176-9
 Molecular formula: C₇H₄ClNO
 Structural formula:

Relative mol. weight: 153.57
 General description: white to yellowish solid, with a pungent odor

Quality values

Content of 4-chlorophenyl isocyanate	min. 99 %
Content of 2-chlorophenyl isocyanate	max. 1.0 %
Content of toluene	max. 1.0 %
Content of 4,4'-dichlorodiphenyl urea	max. 1.0 %

Storage

Store in original tightly closed containers in dry, cold and well-ventilated areas. Thoroughly protect from atmospheric moisture and light.
