

Trade name: Phenyl isocyanate
 Chemical name: Phenyl isocyanate
 CAS: 103-71-9
 EINECS: 203-137-6
 Other names: Isocyanatobenzene|Isocyanic acid, phenyl ester|Carbanil
 Molecular formula: C_6H_5NCO
 Structural formula:

General description: colourless to yellowish translucent viscous liquid with pungent smell, lachrymatory

Quality values

Content (GC) min. 98.0 %
Other isocyanates (GC) max. 2.0 %
Organic solvents max. 1.0 %

Storage

Store in original tightly closed containers in a dry, cool and well-ventilated area.
 Thoroughly protect from atmospheric moisture.
 Store locked up.
